## FROM THE DIRECTOR

We are ecstatic for the fall season. The cooler weather brings with it a desire to be outdoors. The colors, the scents, the activities – fall is the perfect time to enjoy outside. But not to worry! We have something for those who like to stay in, too.

We have prepared a fall schedule with so many awesome programs, activities and events that everyone can find something.

We will continue Freaky Friday Flicks which leads us into our many Halloween events, followed by sweet holiday-themed activities and then Valentine's Day projects. Whether you're playing sports, knitting a scarf, riding a horse, throwing pottery or learning to pitch a tent - our activity guide is the start to your best fall yet.

Thank you,  
Monica Conrad  
Director, Lexington Parks & Recreation

## Foot Golf

Gay Brewer Jr. Course at Picadome and Meadowbrook

What is Foot Golf?

Foot golf is a unique blend of soccer and golf. Foot golf is played using the basic model of golf, with a tee box, a green, bunkers, hazards, a similar scorecard and 9 or 18 holes to play. The main differences are the cups, which are 21 inches in diameter, the ball (a #5 soccer ball), the shorter holes, and the fact that the players kick the ball instead of using clubs. The goal? Get the ball in the hole with the fewest strokes (kicks) possible. Get more details below, then get your foot in the game!

Foot Golf Basics

Players should wear indoor soccer shoes or tennis shoes. Cleats are not permitted. Proper attire is required (shorts and shirts). Players may bring their own #5 soccer ball or rent one from the pro shop.

# Disc Golf

Also known as frisbee golf, disc golf was invented in the early 1900s when Ronald Gibson and some school friends in Bladworth, Saskatchewan, Canada threw some tin lids into four-foot wide circles drawn in the sand. They called it Tin Lid Golf. The sport was resurrected in the 1970s as disc golf.

Disc golf as we know it today involves throwing a disc at a target while using rules similar to golf. Players start at a designated tee area, throw their disc toward a target and continue from the landing position until their disc has reached the target. The goal is to use the least amount of throws by the end of the game.

We offer three 18-hole disc golf courses - Shillito, Veterans and Jacobson Parks. The Shillito Park course is a Mach 3 course with concrete tee pads and alternate pin placements. There are elevation changes with lots of trees. Hole #1 is just to the right of the pool entrance. Veterans Park course was built entirely by volunteers. Like Shillito, there are elevation changes with plenty of trees. Most of the holes are in the woods. Jacobson is 7,050 feet long and features a rolling topography and has a lot of variety. The front nine is wooded, with three holes in a large pine forest. The back nine is open with stands of mature trees. A nine-hole course is located at River Hill Park, 3800 Crosby Drive. This course features several different elevation changes and plenty of trees. This is a great course to learn how to play and practice your game.

# MCCONNELL SPRINGS

McConnell Springs is a 26-acre natural area amidst industrial surroundings near downtown Lexington, Kentucky. It is home to the Kentucky American Water Education Center, which contains displays and exhibits that showcase the natural features of the park.

Two miles of trails loop around the sinking springs, vegetation, stone fences, and vestiges of historical buildings. McConnell Springs boasts more than 130 species of plants and numerous species of urban wildlife that reside at or visit the park.

The history of McConnell Springs parallels the history of Lexington. The city came of age in the 19th and 20th centuries, making the transition from a frontier outpost in the wilderness, to the "Athens of the West," and finally to an important urban center serving central and eastern Kentucky. At McConnell Springs, land began as a farm, moved through several types of industries, then the Cahill dairy in the mid-1900s. The establishment of dairies and other commercial enterprises marked the continued progression of Lexington's maturation.

Below are highlights of the programs offered at McConnell Springs. For the most up to date information visit [lexingtonky.gov/parks](http://lexingtonky.gov/parks).

# EXTENDED SCHOOL PROGRAMS

The Extended School Program is a fully-licensed after-school program that offers affordable, high-quality childcare for elementary school students. ESP is currently offered at the following elementary schools: Athens-Chilesburg, Coventry Oak, Garrett Morgan, Julius Marks, Mary Todd, Maxwell, The Academy at Millcreek, Northern, Stonewall and Yates.

Each ESP site is managed by a site coordinator and maintains a staff-to-student ratio of no more than 1:15. All site personnel receive in-service training and all staff must receive required health tests and pass criminal background checks.

Staff at each site plan daily activities for students and coordinate curriculum to meet the Kentucky All Star Standards. Some of the many activities offered through ESP include homework assistance, games, arts and crafts, reading, nature projects and more.

The Extended School Program (ESP) and the Recreation Enrichment and Learning Program (REAL) are both school programs that offer affordable, high-quality childcare. Admission to both is on a first-come, first-served basis. Each year students must reapply to be accepted into the programs. A limited number of ESP scholarships are available per site. Fill out and return the income eligibility form on Parks policies page to apply for a scholarship. Both the ESP and the REAL program are partnerships between the Lexington-Fayette Urban County Government and the Fayette County Public School system.

## **RECREATION ENRICHMENT AND LEARNING PROGRAM**

The Recreation Enrichment and Learning Program is a before and after-school program for middle-school students. The program is currently offered at the following middle schools: Edith J. Hayes and Jessie Clark.

Like ESP, the REAL program is affordable, maintains a low staff-to-student ratio and offers homework assistance, computer access and positive socialization time. Also, REAL program staff must receive training, required health tests and a criminal background check.

# THERAPEUTIC RECREATION

Therapeutic Recreation programs provide opportunities for persons with disabilities to enjoy activities that use recreation and leisure in the community setting. Our programs are designed to enhance the overall well-being of persons with disabilities by improving or maintaining physical, cognitive, social, emotional and spiritual functioning in order to facilitate full participation in life. Services are provided or directly supervised by a Certified Therapeutic Recreation Specialist (CTRS).

Transportation to and from programs and events is the responsibility of the participant/parents/caregivers.

# SKATE PARKS

Lexington's skateparks allow for skaters to practice in a modern and safe environment. Lexington Parks and Recreation strongly recommends that safety equipment be used at all times and patrons not use facilities in inclement weather. All facilities are free and open to the public. All skate parks will close each evening at dark.

## **BERRY HILL SKATE PARK**

3489 Buckhorn Drive

At 18,000 square feet, Berry Hill is Lexington's largest skatepark and features obstacles that will appeal to advanced skateboarders and bikers. Amenities include a flow bowl, snake run, street section, stairs and rails. Built by Dreamland Skateparks, LLC, one craftsman, a Lexington native incorporated Bluegrass-themed elements into the design. Some of the concrete in the skatepark was stamped with horseshoes and stylized to mimic limestone, and one of the metal rails features galloping thoroughbreds.

## **KIRKLEVINGTON SKATE SPOT**

369 Redding Road

Kirklevington Skate spot is 3,600 square feet and features a variety of "street" elements for skateboarders instead of ramps and other typical obstacles. This skate park was designed to offer obstacles and components that are similar to those found in downtown and other urban settings. This facility includes skateable benches, jersey barrier, grinding rail, concrete boxes and a variety of other obstacles for beginners and more advanced skaters.

## **VALLEY PARK SKATE SPOT**

2077 Cambridge Drive

Valley Park Skate Spot is Lexington's newest skating facility. It is 6,200 square feet and has a variety of angled banks, ledges, rails and hump ramps more similar to a sculpture garden than a skatepark.

## **WOODLAND SKATE PARK**

600 East High Street

This 12,000 square foot facility features a variety of ramps, platforms, bowls and pipes. It offers a great skating experience for beginners while at the same time it challenges the most experienced skaters. This is a skate park only - not a bike park.

Lexington has many miles of trails which offer a great way to lead a healthier and more active lifestyle. Whether you enjoy hiking, walking, running or biking these trails allow individuals the opportunity to rejuvenate and maintain ones mind and body, all while having fun. Take a trip to one of our nature parks and enjoy bird-watching, stargazing or hiking with your family. Visit one of the trails located in your neighborhood and walk your dog, in-line skate with your children or ride a bike. We encourage you to get out and enjoy the beauty of your local parks and trail system.

A SHARED USE TRAIL is paved and designed for activities such as running and walking as well as higher speed activities like bicycling and skating. They are 10-12 feet wide.

A WALKING TRAIL is paved and is at least 8 feet wide. For everyone's safety, bicycling and skating at greater than a fast walking speed is not allowed on walking trails.

PATHS are narrower than 8 feet and may include sidewalks, gravel paths and grass paths.

HIKING TRAILS are generally single person width, natural surface and for pedestrians only. Hiking trails may range from easy (level grades and shorter distances) to difficult (steep grades and/or longer distances).

It is recommended that you select hiking trails appropriate for your level of physical ability.
